Dear Katherine:

At the end of each semester the Center for Teaching provides an opportunity for University of Iowa students to recognize excellence in teaching by sending us notes of appreciation which we then pass along to their outstanding instructors.

Your students chose to recognize you in this way, and it is my pleasure to share these words of gratitude with you.

Students from your Rhetoric course wrote the following:

*Thank you for everything. Through your rhetoric class, you have helped me become more confident in myself and in my writing, speaking, and overall English skills. You are a great teacher and an even greater person and friend. I cannot thank you enough for everything you have done for me this year.*

*I just wanted to thank you for the great first semester that I had at your rhetoric class. I enjoyed and learned a lot with you. You have an excitement for teaching that made me more interested in what I was doing. What I loved about your class, is that any time anyone had a comment, even if it was bad, you embraced it and made it like it was the best comment ever, and that helped me a lot to be more involved in discussions. I learned a lot in your class, and I am very thankful for that. You are definitely the best TA that I have ever had. Thanks for everything.*

Congratulations and thank you for your exceptional teaching efforts. Your hard work and dedication to your students has not gone unnoticed, and we certainly appreciate all that you do.

Sincerely,
